# TURN KEY STR

## Worker Lodging, Car Rental & Local Travel Marketplace Blueprint

Central Altoona / Juniata / 16601 / 16602 | Owner-Occupied Furnished Rooms | Mobile-First Build Plan

**Owner Positioning**
Do not launch this as a loose rooming-house page. Launch it as a polished worker-lodging and corporate-stay brand with optional car rental, laundry, shuttle, grocery/errand, and event add-ons. The marketplace can come later after your own inventory proves demand.

## 1. Executive Decision

Recommended brand direction: Turn Key WorkStay or Turn Key StayGo. The name should be broader than STR because you want lodging, car rental, parking, laundry, shuttle, catering, and future hotel/host listings under one roof.

- **MVP product:** Mobile-first booking website/PWA for your own rooms and cars first; native iOS/Android later.
- **Customer promise:** Affordable, furnished, flexible stays for traveling workers who need peace, Wi-Fi, parking, laundry, and simple rules.
- **Core markets:** UPMC-related travelers, traveling nurses, doctors, psychiatry/healthcare staff, construction crews, utilities, wind/energy, fracking/oil support, railroad/industrial travelers, Penn State event overflow, parents visiting students, hunters, veterans, first responders, and contractors.
- **Big rule:** Do not overbuild a marketplace before you prove bookings. Start with one property, one booking system, one rulebook, one rate calendar, and cross-sells.

## 2. Brand and Domain Ideas

| Name / Domain idea | Why it works | Use case |
|---|---|---|
| TurnKeyWorkStay.com | Clear for traveling workers and corporate stays. | Best primary brand if available. |
| TurnKeyStayGo.com | Broad enough for stays + cars + shuttle + add-ons. | Best app name style. |
| AltoonaWorkStay.com | Exact local search intent and easy to remember. | SEO landing page or redirect. |
| BlairWorkStays.com | Covers Blair County and future listings. | Directory/marketplace expansion. |
| StayRideAltoona.com | Direct lodging + rental car promise. | Car-rental-heavy campaign. |
| TurnKeyTraveler.com | Flexible travel brand, less local. | Future marketplace. |
| WorkerRoomsAltoona.com | Simple high-intent keyword domain. | Lead capture/paid ads. |
| CentralPAWorkStay.com | Supports Altoona, State College, Lock Haven expansion. | Regional directory. |

**Domain rule**
Verify availability before buying. Buy one strong primary domain plus 2-3 keyword redirect domains. Do not spread content across too many sites until the first site ranks and converts.

## 3. Product Architecture: Start Owned, Then Marketplace

| Phase | What gets built | Why |
|---|---|---|
| Phase 1 - Owned inventory | Your rooms, whole-house/group stay option, parking, laundry, shuttle, game-console rentals, car-rental landing pages. | Fastest to revenue and easiest to control. |
| Phase 2 - Corporate account system | Company booking request form, invoice/ACH/card options, crew-room bundles, direct contact for HR/dispatchers. | B2B crews can book repeat stays and avoid OTA fees. |
| Phase 3 - Marketplace | Other furnished rooms, hotels, cars, and vendors pay to list or pay per lead/booking. | Only after your rules, payments, and guest screening are proven. |
| Phase 4 - Native app | iOS/Android app with saved profiles, rebooking, ID verification, deposits, push reminders, upsells. | Build after repeat customers justify app-store overhead. |

## 4. Recommended Tech Stack

| Need | Best first choice | Notes |
|---|---|---|
| Website + SEO | WordPress | Better than Wix for custom booking logic, schema, directory expansion, and dynamic content. |
| Fast simple landing pages | Wix or WordPress pages | Wix is acceptable for simple lead pages, but WordPress is better for the full system. |
| Bookings | WooCommerce Bookings / Amelia / MotoPress / custom plugin | Must support deposits, rate rules, min stay, extra person fees, blackout dates. |
| Rates | Custom rate engine table first, then API integration later | Avoid prohibited scraping. Use allowed OTA APIs, manual comps, or licensed data. |
| Payments | Stripe/Square/Authorize.net + ACH/invoice option | Need card authorization/hold rules and clear nonrefundable terms. |
| Forms | Gravity Forms / Fluent Forms | Application, ID upload, company request, background check consent. |
| CRM | HubSpot free / FluentCRM | Lead stages: new, application sent, approved, deposit paid, checked in, rebook. |
| App later | React Native or Flutter | Launch only after monthly booking volume proves app demand. |

## 5. Current Photo-Based Product Audit

The uploaded photos show a clean, usable furnished-room product with strong worker-lodging potential. The rooms are not luxury-hotel level yet, but they can sell if the listing is honest, staged better, and priced against local hotels and furnished worker housing.

- **Strengths:** Large loft feel, multiple TVs, mini-fridge/freezer, microwave, shared living room, Wi-Fi, flexible stays, laundry add-ons, close-to-work positioning, backyard/barbecue potential.
- **Fix before paid ads:** Cable management, consistent curtains, better bedding photos, matching rugs, bath mat consistency, detailed sink/shower cleaning, room labels, photo sequence, and visible amenity checklist.

- **Do not oversell:** Say furnished worker lodging, shared-house amenities, and owner-occupied property. Do not make it sound like a hotel unless the local license, tax, insurance, zoning, and operations support hotel-style claims.

## Uploaded Property Photos: Suggested Use

Shared bathroom view - use after removing loose towels/mats and retaking with brighter light.

Sink close-up - shows why detailed cleaning QA matters before guest arrival.

Loft sleeping area - strong lead photo after better staging and wire cleanup.

Loft TV/desk area - market as work-and-rest setup.

Loft fridge/microwave/storage - high-value feature for traveling workers.

Loft angle - show size and separate zones.

TV/fridge wall - retake after hiding cords and adding clean storage bins.

Shared living room - sell as quiet common lounge, not party room.

Dining/living room - good for worker meals and shared meals, not unsupervised events.

Vanity graphic - strong social/ad creative style; use clean overlays for features.

## 6. Rooms and Rate Framework

**Pricing principle**
You can undercut hotels without racing to the bottom. Hotels in Altoona commonly trend around $112-$141/night in winter snapshots, with ranges that fluctuate by date. Your rooms should feel cheaper than hotels for workers, but you should charge more for full-house, event, and extra-person demand.

| Inventory | Base monthly | Short-stay base | Event / peak ceiling | Occupancy guidance |
|---|---|---|---|---|
| Full-size room | $1,300/month + cleaning | $60-$95/night | $125-$175/night | Base 1 guest; extra approved guest $20/night or $150/month. |
| Queen room near bath | $1,300-$1,500/month | $75-$120/night | $150-$225/night | Base 1 guest; can allow 2 if bed/space/fire safety allow. |
| Loft queen / worker suite | $1,500/month + $150 cleaning | $95-$175/night | $200-$400/night | Base 2 guests; extra approved worker $25- |

| | | | | |
|---|---|---|---|---|
| | | | | $35/night or $200-$300/month; cap only after code/egress review. |
| Manager suite / premium suite | $1,800-$2,250/month | $125-$225/night | $250-$450/night | Private bath/private entrance/front-porch privilege if accurate. |
| Whole house / crew booking | Custom corporate quote | $350-$600/night | $600-$900+/night | Use only when all rooms available; require higher deposit and agreement. |

- **Minimum stays:** 2 nights on normal weekends; 4-5 nights on Thanksgiving, Christmas, Penn State event weekends, hunting season peaks, and special events.
- **Max booking:** 28 days per booking cycle unless counsel approves a longer lodging/license structure. Rebooking requires approval and updated payment.
- **Extra person charges:** Yes - charge extra per approved adult/worker. Keep it tied to capacity, utilities, cleaning, linens, and wear, not protected-class language.
- **Discounts:** 5% for veterans, active military, first responders, medical professionals, federal/city/municipal workers, and approved out-of-state corporate workers; 10% if booking/prepaying three months at once.

## 7. Deposits, Fees, and Payments

| Fee / deposit | Recommended amount | How to word it |
|---|---|---|
| Application/screening fee | $25 | Required for weekly+ or long-term requests; does not guarantee availability or approval. |
| Reservation deposit | $100-$250 | Applied to booking total if approved; nonrefundable after stated cancellation window. |
| Security/damage deposit | $100-$1,000 | Amount depends on length, room, risk, company billing, pets if allowed, and add-ons. Refund after inspection. |
| Cleaning fee | $75 short stay / $150 monthly | Covers turnover, linen inventory, bathroom/common-area deep cleaning, and monthly room cleaning. |
| Extra-person fee | $20-$35/night or $150-$300/month | For approved additional adults/workers only; never exceed safe occupancy limits. |
| Off-street parking | $75-$200/month | Charge separately when supply is limited. Avoid backyard/carport claims unless zoning/insurance and neighbor agreement are written. |
| Game console rental | $15/day, $60/week, $150/month + $200 deposit | PS5/Xbox subject to inventory and signed damage agreement. |
| Shuttle Altoona-State College | $65/day round-trip up to 2 people scheduled | Require scheduled pickup/drop-off windows and no guarantee without confirmation. |

**Important fee change**
A flat $250 nonrefundable booking fee every time a guest extends week-by-week may block good customers. Better: require the guest to book the full intended stay once, or charge a smaller rebooking/admin fee only for last-minute extensions.

## 8. Customer-Friendly House Rules

Use rules that sound firm and professional. Avoid profanity and avoid sounding arbitrary. The goal is to protect the house, not scare off the traveling workers you actually want.

| Topic | Clean rule language |
|---|---|
| Property type | This is owner-occupied furnished lodging with shared common areas. Guests receive a lodging license for the booked dates only and do not receive exclusive possession of the home. |
| Stay length | Bookings are guaranteed only for the approved dates. Renewal or rebooking is subject to availability, payment, screening, and written approval. |
| Mail/address use | Guests may not use the property as a legal mailing address or residency address. Packages must be addressed as instructed and may be limited. |
| Entrances | Use assigned entrance only. Front entrance/front porch privileges apply only where written in the booking confirmation or emergency use. |
| Guests/visitors | No unregistered visitors after 9 PM. One approved overnight visitor per week may be allowed with written approval. Business visits must be preapproved. |
| Quiet hours | Standard quiet hours 11 PM-7 AM; holiday/event quiet hours may be adjusted and posted in advance. |
| Smoking/vaping/drugs | No smoking, vaping, THC, illegal drugs, public intoxication, or illegal activity anywhere inside the property. |
| Cooking | No hot plates or space heaters. Air fryer/microwave use only in approved areas. Stove/washer/dryer use is not included unless written. |
| Bathroom hygiene | Guests must leave shared bathrooms clean for the next person. Remove hair, wipe shower/sink, and store personal items in provided caddy. |
| Dishes | Dishes left in the sink overnight may trigger a $15 cleaning charge after warning/posted policy. |
| Towels/linens | Towels and linens are inventoried. Missing or damaged towels may be billed at replacement cost. |
| Electric/Wi-Fi | Normal use is included. No crypto mining, space heaters, high-draw equipment, or excessive device loads. |
| Cameras | Cameras/monitoring may be present in common/exterior areas only. No cameras in private bedrooms or bathrooms. |
| Damage | Guest is responsible for damage, missing items, rule violations, chargebacks, and excessive cleaning. |

## 9. Legal and Compliance Risk Cleanup

**Get counsel before launch**
Because this mixes short-term lodging, possible long-term stays, owner-occupied rooms, car rental, laundry, shuttle, and future marketplace listings, have a Pennsylvania attorney review terms, taxes, zoning, insurance, background checks, ADA/fair-housing language, deposits, cancellation policy, cameras, and no-mail/residency wording.

- **Hotel tax:** Pennsylvania applies hotel occupancy tax to room rentals for periods under 30 days to the same person. Collect/remit unless an eligible platform does it and you can prove it.

- **Fair housing:** Do not say "no children," "21 and under," "no Section 8," or anything that sounds like refusing a protected class. Use neutral rules: ID required, legal adult to sign, capacity limits, safety, no parties, screening, payment, and house rules.
- **Children/court-order visits:** Do not advertise special family/court-order rules without counsel. Keep visitor rules neutral and safety-based.
- **Criminal background:** Use a written, consistent policy and avoid blanket statements that could be challenged. Screen for safety and legal compliance.
- **Owner-occupied status:** Owner-occupied may change some analysis, but it does not mean every rule is automatically safe. Verify with counsel.
- **Eviction/removal language:** Replace "kick you out any moment" with "booking may be terminated for material rule violations as allowed by the agreement and law."
- **Cameras:** Disclose all common/exterior cameras. Never use cameras in bedrooms, bathrooms, or private changing areas.
- **Insurance:** Get insurance for lodging/room rental, commercial auto if renting cars, shuttle/transportation exposure, laundry add-on liability, and events.
- **Zoning/fire:** Verify occupancy limits, egress, smoke/CO detectors, fire extinguishers, parking, signage, and any lodging/rooming-house requirements.

## 10. Website and App Map

| Page / feature | Purpose | Conversion action |
|---|---|---|
| Home | Explain worker lodging + car rental + laundry + shuttle in one clean offer. | Search dates / request booking. |
| Rooms | Show all rooms with photos, capacity, monthly/daily ranges, and amenities. | View room / apply. |
| Loft Suite | Premium room page with fridge, microwave, TVs, workspace, LED lights, storage. | Book loft. |
| Full Bed Room | Budget worker room with fridge/TV/Wi-Fi. | Book/apply. |
| Queen Near Bath | Comfort room near bathroom. | Book/apply. |
| Manager Suite | Premium/private option if available. | Request suite. |
| Crew / Corporate Housing | B2B quote page for contractors, hospitals, energy, construction. | Submit company request. |
| Car Rentals | DoorDash/Uber/Grubhub worker car rental landing page. | See car / request car. |
| Parking | Off-street/paid parking options. | Reserve parking. |
| Fresh Fold Laundry | Cross-sell wash/fold, weekly laundry, construction laundry surcharge. | Order laundry. |
| Shuttle / Errands | Altoona-State College shuttle and shopping errands. | Request schedule. |
| Sports/Event Packages | Football watching, wings/heroes/catering add-ons - carefully permitted. | Request package. |
| Rules & Terms | Plain-language policy with deposits, no mail, no smoking, cameras, cleaning. | Agree before paying. |
| Application | ID, work contract, out-of-state residence, employer, references, background consent. | Submit application. |
| Blog / Guides | SEO articles: UPMC stays, Penn State weekends, hunting season, work crews. | Call/book/lead form. |
| List Your Property - future | Marketplace owner acquisition. | Join waitlist. |

## 11. Booking Flow

1. Visitor lands on room, corporate, or car-rental page from Google, social, directory, article, or referral.
2. Visitor enters dates, headcount, job purpose, parking need, laundry need, and whether car/shuttle is needed.
3. System displays estimated rate, fees, deposit, cleaning fee, taxes, and rules before payment.
4. For 2-6 nights: ID, card, payment/deposit, house rules e-sign, check-in instructions after approval.
5. For weekly/monthly/corporate: application, ID, work contract/proof, references, payment method, screening, then approval/quote.
6. Guest receives room guide, Wi-Fi, parking instructions, bathroom rules, laundry offer, upsell offer, and extension link.
7. After check-in: automated day-1 satisfaction text, mid-stay cleaning/laundry upsell, rebook prompt before checkout.
8. After checkout: inspection, deposit release/charges, review request, referral offer, next-stay discount.

## 12. Cross-Business Interlinking Structure

| Business/site | Cross-link module |
|---|---|
| Turn Key WorkStay | Fresh Fold laundry, car rentals, Tony Slice local guide, catering/wings/heroes, shuttle/errands. |
| FreshFoldAltoona.com | Need a room while working in Altoona? Book furnished worker lodging. |
| TonySlice.com | Tony Slice local travel guide: places to stay, eat, work, and visit in Central PA. |
| Car rental landing pages | Need a room with parking and laundry while you drive delivery apps? |
| Food/catering pages | Game day room packages, wings/heroes/popcorn machine as permitted add-ons. |
| Future hotel/Ramada pages | Travel guide articles can mention hotels without confusing your own booking flow. |

**Pop-up rule**
Use tasteful cross-sell blocks, not spammy pop-ups. Example: "Staying 7+ days? Add weekly laundry pickup from Fresh Fold." This converts better and protects brand trust.

## 13. SEO / AIO / LLM Keyword System

Build pages around intent categories, not random keyword stuffing. Each keyword family should have one main page and supporting articles.

| Keyword category | Examples to target |
|---|---|
| Worker lodging | furnished rooms Altoona PA, worker housing Altoona, traveling professional lodging Altoona, corporate housing Altoona PA, weekly rooms Altoona |
| Medical / UPMC | rooms near UPMC Altoona, furnished room near UPMC Altoona, traveling nurse housing Altoona, medical worker housing Altoona |
| Construction / energy | construction worker housing Altoona PA, crew lodging Blair County, utility worker lodging Central PA, windmill worker housing Pennsylvania |
| Event / Penn State | Penn State football lodging near Altoona, State College overflow lodging, rooms for Penn State parents weekend, affordable lodging near Penn State |
| Budget hotel alternative | cheap weekly stay Altoona, hotel alternative Altoona, |

| | |
|---|---|
| | extended stay Altoona PA, affordable furnished room Altoona |
| Car rental | DoorDash car rental Altoona, Uber car rental Altoona, weekly car rental Altoona, delivery driver car rental Blair County |
| Laundry cross-sell | laundry pickup Altoona, wash and fold for traveling workers, construction laundry Altoona, Fresh Fold Altoona |
| Local guide | where to stay near UPMC Altoona, Altoona worker travel guide, Altoona business travel lodging, Juniata Altoona furnished stay |

| SEO field | Example |
|---|---|
| Title tag | Furnished Worker Rooms in Altoona PA \| Turn Key WorkStay |
| Meta description | Flexible furnished rooms near UPMC Altoona for traveling workers, nurses, contractors, and corporate crews. Wi-Fi, parking, laundry add-ons, short stays and monthly options. |
| Slug | /altoona-furnished-worker-rooms/ |
| H1 | Furnished Rooms in Altoona for Traveling Workers |
| Schema | LodgingBusiness + Accommodation/HotelRoom/Product + Offer + FAQPage + BreadcrumbList |
| Internal link anchor | weekly furnished rooms near UPMC Altoona |
| Article example | Best Short-Term Worker Lodging Near UPMC Altoona |

## 14. Directory and Listing Plan

| Channel | Use |
|---|---|
| Google Business Profile | Create only if the lodging operation is real-world, accurate, eligible, and compliant. Use real business name; no keyword stuffing. |
| Bing Places / Apple Business Connect | Mirror core NAP and category data. |
| Yelp / Tripadvisor | Use if hospitality/listing category fits. Maintain photos and review responses. |
| Furnished Finder / Travel Nurse Housing / RotatingRoom | Best fit for monthly medical/travel professional demand. |
| Airbnb / Vrbo / Booking.com / Expedia | Use selectively for visibility; expect fees and stricter policies. |
| Craigslist / Facebook Marketplace | Good for local lead capture but require screening and scam filters. |
| Corporate outreach | UPMC staffing, construction companies, electricians, energy companies, trucking/rail/vendor crews, staffing agencies. |
| Blog/article ecosystem | Publish articles on TonySlice.com and Turn Key site; link to room pages and Fresh Fold. |
| Reddit | Do not spam. Use local/travel-worker discussions carefully, with value-first posts and no fake accounts. |

## 15. Google Business Profile Guidance

- Google requires profiles to accurately represent real-world businesses. Do not create fake locations, virtual offices, or keyword-stuffed names.
- If guests physically stay at the property and the business is legally/operationally eligible, a profile may be possible; if it is a private residence without signage or compliance, get guidance first.
- Hotels/lodging have special Google rules. Google says hotels are treated as open to guests 24 hours and hotel booking links/prices come through Hotel Ads/free booking links.

- If you later run an independent restaurant/lounge that outside customers can access, that business can potentially have a separate profile located inside the lodging business.
- Do not guarantee #1 ranking. Google says local ranking is based mainly on relevance, distance, and prominence.

## 16. Dynamic Pricing Engine

**Do this safely**
Do not scrape booking platforms if their terms prohibit it. Start with a manual daily comp sheet and move to allowed APIs/data providers later.

| Input | How used |
|---|---|
| Altoona hotel average and lowest comparable rate | Set your daily floor/ceiling. Aim 20%-40% under comparable hotel rooms for private rooms, not whole-house/event stays. |
| State College/Penn State demand | Raise rates on football, graduation, parents weekend, concerts, and major campus events. |
| UPMC/travel contracts | Offer stable weekly/monthly B2B rates instead of daily swings. |
| Occupancy remaining | Raise rates when 1-2 rooms remain; discount when all rooms are open within 72 hours. |
| Lead source | Corporate and repeat guests get more stable quote; OTA guests pay higher public rates. |
| Length of stay | 2 nights base; weekly discount; monthly quote; 3-month prepaid discount. |
| Add-ons | Parking, laundry, car rental, shuttle, game systems, cleaning upgrades, catering. |

| Situation | Rate move |
|---|---|
| All rooms open within 72 hours | 10%-20% discount or bundle laundry/parking instead of dropping too low. |
| One room left | Raise 10%-25%. |
| Penn State major event | Apply event minimum and event ceiling. |
| Corporate crew asks for 2+ rooms | Quote package with weekly/monthly rate, parking, laundry, and rules. |
| Repeat approved guest | Offer smoother renewal, not lower than floor. |

## 17. Marketplace Listing Model - Future

| Seller type | How they pay | Controls required |
|---|---|---|
| Other furnished-room hosts | $49-$199/month listing or 5%-12% booking fee | Insurance proof, photos, rules, tax compliance, availability, complaint policy. |
| Hotels/motels | Featured listing fee or referral/affiliate commission | Verified business, live rates/booking link, no misleading claims. |
| Car owners/fleet | Listing fee or booking commission | Commercial/rental insurance, maintenance, driver rules, deposit rules. |
| Laundry/food/vendors | Lead fee, ad placement, bundle commission | Licensing, quality standards, service area, delivery rules. |

## 18. Corporate Sales Script

Use this when calling construction companies, staffing agencies, healthcare recruiters, and out-of-state contractors:

**Call script**
Hi, this is Tony with Turn Key WorkStay in Altoona. We provide flexible furnished rooms for traveling workers and corporate crews near UPMC Altoona and the central Altoona/Juniata area. We can handle short stays, weekly stays, and approved 28-day booking cycles with Wi-Fi, parking options, laundry add-ons, and simple house rules for quiet workers. If your team has people coming into Blair County, I can send a corporate rate sheet and room photos. Who handles lodging for your traveling employees?

## 19. Website Hero Copy

**Home page hero**
Flexible furnished rooms for traveling workers in Altoona, PA. Stay near UPMC Altoona with Wi-Fi, parking options, laundry add-ons, car-rental connections, and simple check-in. Built for nurses, contractors, energy crews, medical workers, delivery drivers, and professionals who need a clean, quiet place without hotel pricing.

| CTA | Button text |
|---|---|
| Book a room | Check Availability |
| Corporate lodging | Request Crew Rate |
| Car rental | Rent a Work Car |
| Laundry | Add Weekly Laundry |
| Questions | Text / Call Turn Key |

## 20. Launch Checklist: First 14 Days

9. Choose primary name/domain and buy only the best 2-4 domains.
10. Have attorney review lodging terms, tax, deposits, no-mail language, cameras, and cancellation policy.
11. Confirm local zoning/fire/occupancy and insurance before advertising maximum occupancy or events.
12. Retake room photos after staging: hide cords, clean sink/tub, consistent towels, better lighting, no clutter.
13. Create WordPress MVP: Home, Rooms, Corporate Housing, Car Rentals, Laundry, Rules, Application, Contact.
14. Build rate table: daily, weekly, monthly, event, extra person, cleaning, parking, deposit.
15. Set up payment processor with deposits, card authorization, tax line, invoices, and refund/cancellation rules.
16. Create application form and approval workflow.
17. Create Google/Bing/Apple listings only if eligible and accurate.
18. List on Furnished Finder/travel nurse/corporate channels before mass social ads.
19. Create 10 SEO articles: UPMC, Penn State overflow, worker housing, hunting season, construction crews, laundry, parking, delivery-driver car rental, Altoona guide, monthly furnished rooms.
20. Create daily operations checklist for check-in, bathroom common area, towels/linen inventory, deposit release, review request.

## 21. What to Build First in the App

| Feature | MVP or later? | Reason |
|---|---|---|
| Date search / room cards | MVP | Converts visitors immediately. |
| Application and ID upload | MVP | Needed for longer stays and screening. |
| Deposits/payments | MVP | No payment, no booking. |
| Rules e-sign checkbox | MVP | Protects expectations and operations. |

| | | |
|---|---|---|
| Car rental request | MVP landing page | Can be manual first. |
| Laundry add-on | MVP | High-margin cross-sell and connects Fresh Fold. |
| Dynamic rates | MVP simple table / later algorithm | Do manual first; automate after you have data. |
| Marketplace vendor portal | Later | Needs legal, insurance, operations, and dispute system. |
| Native iOS/Android | Later | Do PWA/mobile website first. |

## 22. Manager Notes: Strong Calls

- **Do charge extra per person:** Yes, but keep it tied to cleaning, utilities, capacity, and approved occupancy. No discriminatory wording.
- **Do not lead with events/parties:** Lead with worker lodging. Sports packages and catering are add-ons only if permits/insurance allow.
- **Do not offer unsafe parking:** The neighbor-yard carport idea needs written neighbor agreement, insurance, zoning, and safety review before charging guests.
- **Do not promise hotel status:** Say furnished worker lodging unless licensing supports hotel/motel claims.
- **Do not use threatening terms:** Firm rules convert better when written professionally.
- **Do build the content engine:** Every page should answer a real search: room near UPMC, weekly furnished room, Altoona worker housing, Penn State overflow lodging, etc.

## 23. Source Notes Used for Market and Compliance Direction

- **Pennsylvania Department of Revenue:** Sales, Use and Hotel Occupancy Tax; room rentals under 30 days are taxable at the state hotel occupancy tax rate.
- **Pennsylvania Department of Revenue:** Home-sharing and third-party broker rentals: less-than-30-day lodging requires hotel occupancy tax unless collected/remitted by a qualifying facilitator.
- **Pennsylvania Human Relations Commission:** Housing/commercial property discrimination protections include race, color, sex, age over 40, religious creed, national origin, ancestry, familial status, disability, support animals, and retaliation.
- **HUD:** Federal Fair Housing Act protects against discrimination in housing on race, color, national origin, religion, sex, familial status, and disability.
- **Google Business Profile:** Local rankings are based mainly on relevance, distance, and prominence; Google says there is no paid/requested way to guarantee ranking.
- **Google Business Profile:** Business profiles must accurately represent the real-world business; hotels/lodging have special profile rules and internal restaurants/lounges can have separate profiles only if independently accessible.
- **Schema.org:** Hotel/lodging markup uses LodgingBusiness/Hotel, Accommodation/HotelRoom/Product, and Offer objects.
- **Trivago market snapshot:** Altoona hotel typical prices shown for late 2026/early 2027: Nov about $141, Dec $127, Jan $116, Feb $112, Mar $127; ranges vary by date and booking site.
- **Trivago/Expedia market snapshot:** State College pricing often runs higher around Penn State demand; Nov-Dec-Jan average trend shown around $141-$149/$127-$138/$121-$132 depending source and date.
- **Furnished Finder/CircleRN public listings:** Altoona furnished monthly room/worker housing listings commonly show rooms around $800-$1,000+ and full traveler houses around $1,500-$2,500+ depending inventory and date.

## 24. Next Build Prompt for Developer

**Copy/paste to developer**

Build a mobile-first WordPress booking website/PWA for Turn Key WorkStay in Altoona, PA. The product is owner-operated furnished worker lodging with optional car-rental request, parking, laundry add-ons, shuttle/errands, and future marketplace expansion. Build pages: Home, Rooms, Loft Suite, Full Room, Queen Room, Manager Suite, Corporate Crew Housing, Car Rentals, Parking, Fresh Fold Laundry, Rules & Terms, Application, Blog, Contact, and future List Your Property waitlist. Include schema markup for LodgingBusiness, Accommodation/HotelRoom/Product, Offer, FAQPage, BreadcrumbList, and LocalBusiness where appropriate. Booking system must support daily/weekly/monthly/event pricing, minimum stays, deposits, cleaning fees, extra-person fees, parking, blackout dates, application approval, ID upload, and corporate invoices. Do not scrape hotel/OTA rates unless using permitted APIs or manually entered competitor data. Site must be fast, mobile-first, SEO/AIO optimized, and ready for PWA app install.
